

Declaration Regarding temporary workers' Fitness to Practice, Proceedings by a Licensing /Regulatory Body & Relating to Criminal Investigations in the UK or Overseas. Statement of criminal convictions & Police Check Clearance

Because of the nature of the work for which you are applying, this post is exempt from the provision of Section 4(2) of the Rehabilitation of Offenders Act 1974 by virtue of the Rehabilitation of Offenders Act 1974 (Exemptions Order 1975). Applicants are, therefore, not entitled to withhold any information about convictions, which for other purposes are, then 'spent' under provision of the Act, and in the event of employment, failure to disclose such convictions could result in disciplinary action including dismissal being taken by the Health Authority. You are therefore required to declare all criminal convictions or cautions. Any information given will be completely confidential and will be considered only in relation to an application for positions to which the order applies and will not debar from appointment unless the selection panel considers that it renders you unsuitable for appointment. In reaching such a decision we will consider the nature of the conviction, action, how long ago it took place and any other factors that may be relevant. Failure to disclose a criminal offence, having been bound over or cautioned or that you are currently the subject of criminal proceedings which might lead to a conviction, an order binding you over or a caution, or fitness to practice proceedings undertaken by an appropriate licensing or regulatory body, may disqualify you from appointment, or result in summary dismissal/disciplinary action and referral to the General Medical Council or General Dental Council for consideration if such discrepancy came to light.

Have you been convicted of a criminal offence, been bound over or cautioned or are you currently the subject of any police investigations, which might lead to a conviction, an order binding you over or a caution, in the UK or any other country?
